

# KEY TAKEAWAYS

# PLAN RUTHERFORD

GOALS		I see it the same way	Neutral	I see it differently
1	Rutherford County should adopt a comprehensive plan to manage growth and align its policies and public investments with the community's vision.			
2	Rutherford County should be proactive in preserving its rural and historic character, and protect its natural resources as the county develops.			
3	Rutherford County should be proactive in preserving its small town feel as the county and municipalities continues to grow.			
4	Rutherford County should coordinate with its municipalities to provide access to housing, jobs, and transportation in locations that support development and residents.			
5	Rutherford County should work to improve roadway safety, traffic congestion and other necessary public infrastructure.			
6	Rutherford County should work with elected leaders around the region and stakeholders to develop a solution to address residents' concerns and environmental impacts from the landfill.			
7	Rutherford County should be a welcoming, inclusive, safe, and affordable place to live for anyone who chooses to live here.			
8	Rutherford County should support a mix of housing options that suit the lifestyle needs of young families, career professionals, and senior adults.			
9	Rutherford County should continue its efforts to attract high paying jobs and diversify its economy.
